### DETAILED ACTION

This Office Action is in response to Appeal Brief filed November 30, 2006. The finality of claims 1-18 has been withdrawn. Claims 1-18 are presented for further examination. Examiner failed to make the following 112 rejections and take this opportunity to do in order to clarify the claim language.

#### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

3. Claim 1 states "a method for partitioning processing responsibilities for the **processing or generation** of data...". It is unclear as to if there is processing or generation of data. Applicant is asked to please clarify.

4. Claim 1 further states "a method for **partitioning** processing responsibilities for the processing or generation of data...". However, the steps (a)-(d) does not implement that of partitioning. Applicant is asked to please clarify.
